

Child Observation Form

Little Explorers Learning Hub • Early Childhood Observation & Documentation

Child Name: _____	Date: _____
Teacher/Observer: _____	Time: _____
Classroom/Age Group: _____	Location: _____

Observation Context

What was happening immediately before or during the observation?

Objective Observation

Record what you see and hear, including actions, words, interactions, materials, and relevant details.

Reflection & Interpretation

What might this observation tell you about the child's interests, learning, skills, relationships, or development?

Possible Next Steps

How might you extend learning through materials, questions, environment, small groups, or future planning?

Family Connection / Additional Notes
